TECHNICAL SKILLS

- Quality Management: ISO 9001, 8D
- Lean Management: 5 Whys, 5M, 5S, DMAIC
- Production Management
- Supply Chain & Procurement Management
- Planning & Scheduling
- Inventory & Warehouse Management
- Transport Management
- Project Management
- Process Optimization
- Maintenance Management

IT SKILLS

- GMAO.
- ERP / SAP.
- CATIA.
- Power Automate.
- MS Project.
- Python.
- JAVA.
- SQL.

CERTIFICATIONS

- Project Management advanced
- Six Sigma: Green Belt
- Quality Management for Operational Excellence
- Root Cause Analysis: Getting to the Root of Business Problems
- Business Process Improvement

PERSONAL STRENGTHS

- Analytical mindset
- Adaptability and flexibility
- Effective communication
- Results-oriented

LANGUES

- Arabic: Native
- French: Intermediate-Advanced
- English: Intermediate

ELKSSIMI IMANE

ENGINEERING STUDENT

PROFILE

Final-year Industrial Engineering student at ENSA Agadir, passionate about the automotive sector and industrial process optimization. Through several experiences in the automotive industry, I have developed strong skills in continuous improvement, quality management, and problem-solving, using tools such as 8D and Lean Manufacturing. I am currently seeking a final-year internship (PFE) where I can apply my skills to improve quality, process performance, and operational efficiency in the automotive sector.

PROFESSIONAL EXPERIENCE

LEONI WIRING SYSTEMS AGADIR

JULY 2026

Quality Engineer

- Handled an automotive customer complaint using the 8D methodology
- Root cause analysis with QOOQCP (5W2H), Ishikawa (5M) and the 5 Whys.
- Implemented corrective and preventive actions; updated the Process FMEA and the Control Plan.

VETCAM

AUGUST 2025

Project Engineer

- Analyzed Quality and Production processes and mapped them using SIPOC.
- Developed an in-house quality management application in Python.
- Improved data traceability and cross-department coordination (PDCA).

LEONI WIRING SYSTEMS AGADIR

JULY 2025

Supply Chain Engineer

- Analyzed logistics flows and industrial planning.
- Integrated customer forecasts via EDI.
- Executed and monitored MRP (requirements and stock management).

SOCIÉTÉ DE MANUTENTION D'AGADIR (SMA)

JULY 2024

Energy & Improvement Engineer

- Contributed to the deployment of the Energy Management System per ISO 50001.
- Drafted an energy performance improvement plan.
- Identified energy efficiency opportunities and cost-reduction levers.

AZURA Group

JULY - AUGUST 2023

Methods Engineer

- Led a continuous improvement project in production.
- Analyzed variations using DMAIC and identified root causes (Ishikawa).
- Carried out a Process FMEA.
- Implemented corrective actions to reduce non-conformities.

EDUCATION

INDUSTRIAL ENGINEERING STUDENT

Since 2021 | Agadir

ENSA AGADIR

Baccalaureate - Physical Sciences

2018-2021 | Agadir

Hamman Elfatouaki DCHEIRA

ACADEMIC PROJECTS

Monte Carlo Simulation – Maintenance Strategy Analysis

- Modeling and Monte Carlo simulation of an industrial system to compare corrective and preventive maintenance.

ERP Implementation – Odoo

- Configuration of an Odoo ERP for purchasing, sales and inventory management.

SMART ROLLING PLATFORM (SRP)

- Design of a Smart Rolling Platform (SRP) dedicated to intelligent material transport in industrial environments, including needs analysis, market study and prototype development.
